

PUBLICITY, BROADCASTING & MEDIA

The Junior Golf Association of Northern California (JGANC) may arrange for media coverage and publicity for all sanctioned tournaments. By submitting an entry application, each entrant consents to references to themselves and their play in such publicity and agrees to cooperate fully with authorized media representatives.

By registering as a JGANC member, the member acknowledges and grants a talent release permitting the use of any photographs or video footage of the member taken during sanctioned or official JGANC events. Such media may be used on the JGANC website and for other future marketing opportunities identified by the JGANC.

There is no "no photography" option for players. While participating in JGANC tournaments—including before, during, and after play—participants are considered to be in the public domain for purposes of photography, broadcasting, and media coverage.
